ChinareadyStack Break Lab

HomeStackProduct

MAPS, MEDIA, EMBEDS

Google Maps.

Loads the Google Maps JavaScript API from `maps.googleapis.com` and tries to render a map of Shanghai.

Dependency failed to load — timed out after 8s

If Maps is blocked, the box above stays grey and never tiles.

Dependency

Loads from

Expected in China

Google Maps

maps.googleapis.com

The map is a grey box that never tiles, or an infinite loading spinner, because the Maps JS API is unreachable.
